NUTANIX

PRISM PRO / ULTIMATE JUMP START

OVERVIEW

The Jump Start for Prism Pro / Ultimate offering focuses on collaborating with customers to provide advanced analytics and intelligent insights into managing a Nutanix environment. This Jump Start Service accelerates solution deployment and customer adoption.

- Receive a guided experience of Nutanix Prism in a simple configuration to speed initial adoption and enablement
- Mitigate risk and accelerate time to value by leveraging our knowledgeable and experienced consultants
- Gain understanding through rapid knowledge transfer for the most common configuration and operations topics

OUR SERVICE OFFERING

THIS JUMP START WILL INCLUDE THE FOLLOWING:

A certified consultant configures Nutanix Prism as well as the components as listed below as part of a fixed-outcome service, minimizing the time to bring the solution online.

- Demonstration of utilization forecasting and what-if analysis
- Demonstration of VM right-sizing using x-play and playbooks
- Creation of up to three (3) custom reports
- Creation of up to three (3) custom dashboards
- One of the following Monitoring Integration supported scenarios (Ultimate):
    - Demonstration of SQL monitoring
    - Demonstration of external vCenter monitoring

PRE-REQUISITES

- Existing functional cluster on current supported AOS code
- Existing Prism Central deployed and functional, running PC 2020.08 or later
- Validated backup system or pre-production cluster already in place
- Valid Prism Pro or Ultimate licenses or trial period licenses available
- Ability to resize Prism Central VM, if needed, to support chosen scenario

DELIVERABLES

- Product enablement
- Knowledge transfer delivered as items are configured

Typically a one day engagement.
